### PROFESSIONAL PROFILE

As an experienced web developer, I specialise in WordPress theme and plugin development, utilising PHP, JavaScript, jQuery, and React. With a keen eye for UI/UX design, I create captivating websites that exceed expectations. Staying updated with the latest trends, I deliver high-quality work that empowers businesses and individuals to establish a strong online presence.

## 05

### WORK EXPERIENCE

#### CampusPress Site Specialist

Apr 2025 - Apr 2026

INCSUB LLC - REMOTE (USA)

- Rebuilt sites across the MIT network on the modern Gutenberg/block-based WordPress stack.
- Migrated legacy classic-editor layouts to reusable block patterns preserving brand and accessibility.

#### Team Lead

Apr 2022 - Mar 2025

THEMEROX - UAE

- Planned, estimated, and managed project timelines and resources.
- Established code standards, conducted code reviews, and enforced best practices.
- Mentored junior developers and led cross-functional development teams.

#### Senior WordPress Developer

Apr 2022 - Mar 2025

PIXELAAR FZ LLC - UAE

- Collaborated with designers and developers to ensure project success.
- Ensured themes and plugins were built with security best practices.
- Selected appropriate tools and libraries to enhance development efficiency.

#### WordPress Developer

Oct 2019 - Mar 2022

WEBAPPICK LLC - DHAKA

- Architected, designed, and developed the main site to meet business requirements.
- Handled incident response, troubleshooting, and post-mortem analysis.
- Continuously optimised system performance and site speed.

#### Web Developer

Mar 2018 - Present

THEMEAVES - DHAKA

- Architected, designed, and developed WordPress themes while maintaining coding standards.
- Built themes that are scalable, maintainable, and optimised for performance.
